

HMK® Z950-Z951 Sealing Brushes

The HMK® Z950-Z951 Sealing Brushes are the perfect tools for the application of HMK® sealers, impregnators, and finishes on stone surfaces. The brushes are easy to handle and come in two sizes, a 9" (22 cm) for small surfaces such as, stairways, vanities, bar tops, window sills, counters, etc., and a larger 21" (55 cm) for lobbies, hallways, entry areas, etc.

Manufactured in Europe using only the highest quality materials, the HMK® Brushes are made from 100% natural boar hair for extra durability. No synthetic fibers are used to obtain a soft textured brush, which guarantees countless even applications, and a thorough penetration of chemical finishes.

HMK® Brushes are mounted onto smooth hardwood blocks with a solid metal base. They come with a removable metal attachment to fit most industrial handles.

Cleaning is not required when brushes are being used with the same product. Otherwise, simply use HMK® R180, or high quality mineral spirits.

Testing: Always test the product in an inconspicuous area to evaluate suitability, coverage and performance.

Limitation of liability: The liability of HMK® Moeller Stone Care and/or ACI International for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care and/or ACI International shall not be liable for any consequential damages. No other warranty or representation is made or implied.
